

The image features a large, stylized graphic of the Continental logo, which consists of a square frame with rounded corners. Inside the frame, there are four thick, curved, blue lines that sweep across the space, creating a sense of motion and continuity. The background of the entire page is a light blue sky with soft, white clouds. The text 'CONTINENTAL' is positioned at the bottom of the page, centered horizontally.

CONTINENTAL

COURIER

Our commitment to quality is
unsurpassed whilst we embrace new
technology to enhance our service offerings.

Continental Courier is one of the fastest growing courier companies in the UAE with a strong and diverse clientele.

In 2001, we began as a modest transport company but switched our business strategy in 2002. With top management changes and a new vision, Continental Courier Services was formed after which there has been no turning back.

With 98% of the business in international courier, we have a strong hold in the UAE.

We now cater to some of the leading general trading, textile, plastic disposable manufacturer and food production companies around the world.

When we take up a job, we make sure it is done right.

OUR MISSION

We are dedicated in finding the solutions essential for the next generation of transportation needs. We mold our services around our customers' specific requirements - offering integrated, creative and cost-effective solutions specially tailored to meet the unique and complex demands of individual businesses.

To be the courier of choice to clients who require attention to detail. Doing what is promised with flexibility in our services, but remaining focused on our core business. Passionate staff who are committed to serving our clients, modify the way we work to ensure best business experience.

EXPORT EXPRESS

We provide tailor made solutions for any urgent shipments. Whether you have a critical document, which requires a more personal delivery by hand, or a package of vital component that is needed to meet a demanding production deadline, Continental Courier Services has the solution. We collect and deliver documents and packages on priority Door to Door basis to any part of the worldwide with real time tracking information and proof of delivery.

IMPORT EXPRESS

This service helps customers import documents or packages from around the world to the UAE. Our import department ensures that your shipment is picked up on time and is delivered customs-cleared. We eliminate potential problems with languages, time zone difference and high cost of international telecommunications, as all prices are in local currencies, hence difficulties arising from exchange rate conversions and fluctuations are removed.

GCC ECONOMY EXPRESS

Continental Courier Services offer a cost-effective solution for all your deliveries within GCC countries. We offer reliable, door to door, day definite, customs cleared services at a very economical price.

BULLET SERVICE

Documents or parcels, which need to be delivered within Dubai, Sharjah or Abu Dhabi, will be picked up from your doorstep and delivered to the recipient – All within 2 – 3 hours.

DOMESTIC EXPRESS

Continental Courier Services has the perfect solution for time-sensitive packages and documents such as urgent Door to Door deliveries within the same city or country. Your mission is accomplished within an agreed delivery time with the added ability of tracking your package, all without you even having to move from your home or office.

RETURN SERVICE

We also give customers the option of getting their urgent documents picked up, delivered to your customers for signing and returned back to you without unnecessary delay.

COD SERVICE

You have the liberty to send your package anywhere in UAE, with courier charges to be collected from consignee instead of you, at time of delivery.

FREIGHT SERVICE

With our extensive network we can offer Door to Door, Port to Door, Port to Port, Air Freight and Sea Freight services to and from any part of the world.

Not only do we have a stronghold in the UAE and Middle East, but also a strong network in India.

OFFICES & NETWORKS

Not only do we have a stronghold in the UAE and Middle East, but also a strong network in India. In-fact, we have also partnered with different courier companies in different parts of the world.

TECHNOLOGY

High end courier programmes have been developed for the courier industry specifically, which allows us to track a shipment from time of collection right up and until the customer has paid us for the service thereof. Shipments are all bar-coded and scanned.

This makes the operation very smooth. Through our website customers can track their order and we ensure the consignment reaches the destination on time. Customer can use the online website to book and track shipment.

Our website is equipped to be integrated with e-commerce companies and other companies who do not want to input data manually.
